CUSTOM DIE CUT SHEETS - SPECIAL SHAPE LASER LABELS

Western Print & Label can accommodate just about any shape label you may require. To do so, we use a special tool called a "die". Over the years these dies have drastically reduced in price to make most custom die shapes or sizes available on a reasonable budget. Please inquire about making a new die for your project. With a proper print file, these dies can be made available in only a few days, so even rush orders are attainable.

Please send your custom die specifications to sales@westernlabel.com or john@westernlabel.com.

Thank you for your interest and we look forward to helping make this special project a reality!

PRODUCT INFORMATION*

At Western Print & Label, we use only top quality label products to manufacture our laser sheet labels. By our doing so, you can be guaranteed to have trouble free printing in your equipment as long as it is in a serviceable state.

We offer the following products for you to print. Please note not all of these are recommended for both laser and Inkjet printing, please check with our sales team to make sure before ordering.

MATTE

Offset label paper for laser or inkjet printers.

SEMI-GLOSS

Lightly coated paper with low gloss characteristics.

VINYL

For laser printing only, offers moisture resistance and durability.

POLYPROPYLENE

For laser printing only, has moisture resistant characteristics for cosmetic and food labeling.

CHROME POLYESTER

Excellent laser printable product where durability and weather/moisture resistance is required.

CLEAR POLYESTER

Excellent clear laser printable product where durability and weather/moisture resistance is required.

KIMDURA

Specialty laser product.

8 PT. TAG

Non-adhesive tag stock often used for P.O.S. tags or product tags. Stock is perforated to size.

ADDITIONAL SERVICES

- We can print all of our laser/inkjet label products in full process colour.
- Most products can be UV coated for extra protection.
- Tag products can be made as individuals as well for most uses and can be eyeletted or strung.
- We have a full bindery department. To add any extras to your printing and labeling needs.

To see all of the products and services we have to offer, visit us at:

www.westernprintandlabel.com
